TANGO MJ

SMALL-GROUP TANGO TRIP
8–12 STUDENTS
EXPRESSION OF INTEREST

Buenos Aires
Tango Immersion 2027

A small group of 8 to 12 of our tango students, ten days in Buenos Aires, and the city seen through tango, food, friendship and the people who keep the dance alive.

WHEN	HOW LONG	GROUP	INDICATIVE PRICE
November 2027	10 days / 9 nights	8–12 students	≈ €2,500 + flights

01 THE IDEA

Tango, the way it lives in Buenos Aires

> We want to take a small group of 8 to 12 of our tango students to Buenos Aires and experience the city through tango, Argentine culture, food, friendship and the local tango community.

You already dance with us every week. This trip is the next chapter: the same people, the same warmth, but in the city where tango was born, with the two of us at your side the whole way.

We are not planning a tour bus and a checklist. We are planning a **curated, personal trip** built on the friendships we have in the Buenos Aires tango world: teachers we trust, milongas we love, tables where the asado is worth the wait.

Keeping the group to **8–12 students** is what makes it work. It lets us stay together in one house, dance in real milongas without taking over the floor, and keep the price affordable for what is included, because we organise much of the experience ourselves instead of buying a package.

02 WHAT THE EXPERIENCE COULD LOOK LIKE

Think of a gentle daily rhythm, not a schedule. Here is an example of how the days might feel:

Morning	Breakfast at the house · yoga or mobility · a tango session
Midday	Lunch · free time · siesta, a café, a stroll
Afternoon	Tango · a cultural activity · or your own plans
Evening	Milonga · dinner · a cultural experience

This is only a sample. The real programme will be created closer to the trip and shaped around our group of 8–12 students and the Buenos Aires calendar.

03 TANGO

Dance, learn, listen, and dance again

> The heart of the trip. We want you to leave dancing with more ease, but above all to feel what it is like to be part of the Buenos Aires tango community, not just visit it.

WHAT WE HOPE TO OFFER

- **Around 8 dedicated tango sessions** taught by the two of us
- **Classes with Argentine guest teachers** from our local network
- **Group classes and prácticas** before selected milongas
- **Several evenings at different milongas**, each with its own character
- **At least one evening with a live orchestra**
- **Dances with local taxi dancers**, a chance to experience the embrace of Buenos Aires
- **Time to explore the scene on your own**, at your own pace

A milonga in Buenos Aires

GOOD TO KNOW

The exact milonga programme depends on the Buenos Aires calendar in November 2027, which is only published closer to the time. We will choose the best evenings once we can see what is on. Live music, in particular, is something we will aim for, subject to that calendar.

Not a bootcamp

Tango sessions are spread over the trip with plenty of space in between. Rest is part of learning.

For our 8–12 students

Sessions are designed around the level of the group, so everyone can take part with confidence.

Two teachers, present

We travel with you, dance with you, and are there whenever you have a question or need a hand.

04 ARGENTINE CULTURE & FOOD

Long tables, folklore and open-air fires

AROUND THE TABLE

- **Approximately three asado experiences**, the Argentine barbecue as a way of gathering
- **Traditional Argentine food** in places we know and like
- **A traditional tango dinner show**

FOLKLORE & MUSIC

- **An Argentine folklore class**, a different kind of dance to try
- **A peña**, an evening of live folk music, songs and shared company

05 BUENOS AIRES & THE DELTA

Tigre and the Paraná Delta

The city and beyond

- **La Boca** and its colourful streets
- **Recoleta** and other neighbourhoods
- **Tigre and the Paraná Delta**, a day out on the water
- **Cafés, markets and architecture**, with time to wander

Café Tortoni, Avenida de Mayo

Palacio de Aguas Corrientes

Activities are the ones we are currently hoping to include. The final list will be confirmed once the trip goes ahead.

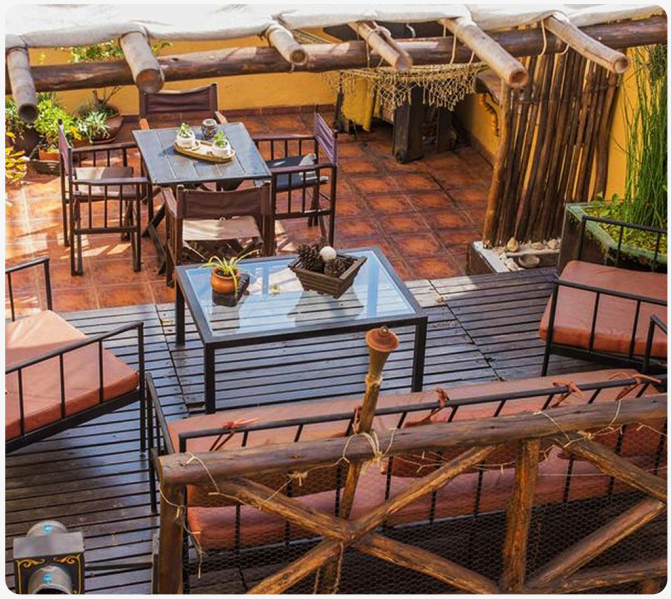

06 ACCOMMODATION

One house, one tango family

Staying together under one roof is a big part of what makes this trip special. Breakfast in your dance clothes, an impromptu practice in the evening, stories from last night's milonga: the trip continues even when nothing is scheduled.

WHAT WE ARE LOOKING FOR

- Everyone staying together: our 8–12 students and the two of us
- Simple but comfortable rooms
- Shared and common spaces
- Breakfast included
- Access to a dance space or studio
- Potentially a shared kitchen
- Around 9 nights

> **One option we are currently investigating** is a tango guesthouse such as **La Maleva in Almagro**. Nothing has been reserved and nothing is confirmed. This is exactly why we are asking for your interest now.

07 FREE TIME & WELLBEING

Space to breathe

We do not want to organise every minute. There will be **substantial free time**, and the trip should never feel like a dance bootcamp.

- Explore Palermo, Recoleta and other neighbourhoods
- Shop for tango shoes and clothing
- Visit museums
- Discover cafés
- Make your own plans
- Rest

To make the most of your free time, **we will give you an extensive list of places to visit**: cafés, neighbourhoods, museums, shops and our own favourite spots.

To help your body enjoy all that dancing, we hope to include **around 3 yoga or mobility sessions**.

About flights

We expect return flights from Europe to be roughly **€1,200–€1,500 return**. This is only an estimate and will depend on actual 2027 fares. We are not promising a specific airline or flight.

09 PRICE & GROUP SIZE

INDICATIVE PRICE

€2,500

PER PERSON

International flight not included

This is a **preliminary estimate based on a group of 8 to 12 participants**. The final price and exact inclusions will be confirmed once we know the group size and have secured the main bookings.

8–12 STUDENTS

Small on purpose: a group of 8–12 students keeps the experience personal and the price accessible for what is included.

10 WHY WE'RE ASKING NOW

We need to know before we reserve the house

We are currently investigating group accommodation for 8–12 students and need to know whether there is enough serious interest before reserving it. We are therefore asking for an expression of interest now.

This is not yet a booking and does not require payment. Your response will help us decide whether to reserve the accommodation and move forward with the trip.

We would love to know whether this is something you would like to experience with us.

Once we know whether we have enough interest from 8–12 students, we can reserve the accommodation and start turning the idea into a real trip. More detailed information, payment schedule, exact itinerary and booking conditions will follow once the trip is confirmed.
